SP Coast Daylight DCC Operated Obs Car, HO

SP DCC operators, Broadway Limited Imports is pleased to provide an SP Coast Daylight Observation Car in HO Scale with extensive DCC controlled lighting! This new observation car is equipped with a dual-mode DC/DCC light decoder designed and built by Broadway Limited Imports. The DCC Light Board has five separate light outputs controlling the car interior, rear drumhead, rear marker lights, side marker lights, and the rear Mars light.

Settings for each light are changable so that each is controllable with a separate DCC function button.
